

THE BUDGET TEAM

Finance minister Nirmala Sitharaman has said her third budget will be an 'unprecedented' one as the country begins rebuilding itself after a pandemic-hit year. The final leg of the budget process kicked off with the 'halwa ceremony' on Saturday. Here are the people shaping the February 1 budget:

K SUBRAMANIAN, CHIEF ECONOMIC ADVISOR
Subramanian had predicted a 'V-shaped' recovery for India since lockdown measures were relaxed. The Economic Survey authored by him and his team will be keenly watched for policy prescriptions to put the economy back on a high-growth path.

A JAY BHUSHAN PANDEY, FINANCE SECRETARY
A 1984 batch Maharashtra cadre Indian Administrative Service (IAS) officer who heads the revenue department, Pandey has a tough balancing act to deal with the growing clamour for cuts in personal tax as incomes fell due to the pandemic against a need to raise revenues for increased spending on health, public infrastructure and defence. The upcoming budget will be keenly watched for any new revenue measures and steps to bring back the economy on track.

TARUN BAJAJ, SECRETARY, DEPARTMENT OF ECONOMIC AFFAIRS
Bajaj, a 1988 batch Haryana cadre IAS officer, came to the finance ministry after a stint in the Prime Minister's Office when the country was still in partial lockdown. Having steered the various relief packages offered by the government, his imprint on the budget will be keenly watched as the government attempts to roll out measures to revive the economy.

TV SOMANATHAN, SECRETARY, DEPARTMENT OF EXPENDITURE
A 1987 batch IAS officer from the Tamil Nadu cadre, Somanathan served as a joint secretary in the Prime Minister's Office in 2015 after a stint at the World Bank. His task is cut out this budget as the focus shifts to spending to revive growth. A revamp of government schemes to discontinue not-so-useful ones to make spending more effective will be keenly watched.

DEBASHISH PANDA, SECRETARY, DEPARTMENT OF FINANCIAL SERVICES
The 1987 batch IAS officer will have a gargantuan task at hand - the biggest stock exchange listing exercise ever, that of Life Insurance Corp of India, and strategic stake sales in state-run lenders and insurers. The onus for delivery will be on Panda's department if the government unveils some anticipated reforms - a bad bank, development finance institution, or a bank investment company. Besides nudging state-run lenders to push credit growth, the government will also need to provide capital support as a spike in bad loans is expected on account of the pandemic.

TUHIN KANTA PANDEY, SECRETARY, DEPARTMENT OF INVESTMENT & PUBLIC ASSET MANAGEMENT
All eyes are on Pandey's department as the government eyes closure of big-bang disinvestments such as privatisation of BPL and Air India. The 1987 batch IAS officer of the Odisha cadre will have to ensure strategic and non-strategic sales go through, while also formulating a public sector enterprise (PSE) policy that will open up all sectors for private investment. He needs to deliver on whatever target the government sets for FY 2021-22 to avoid a big fiscal slippage.

AGMs, EGMs May Go Virtual Permanently

New Delhi: The government could make virtual board meetings, annual general meetings (AGMs) and extraordinary general meetings (EGMs) a permanent feature. It is considering such a proposal and suitable changes could be made to the Companies Act, a government official said.

The Ministry of Corporate Affairs (MCA) is looking to permanently shift AGMs, EGMs and board meetings to virtual mode, the official said.

"Since this is the new normal, we are considering making it a part of the normal scheme of things rather than Covid-19 specific relaxation," the official said.

Since March last year, the ministry has granted multiple relaxations regarding statutory compliances to companies, in light of the disruptions caused by the pandemic, along with several extensions to various deadlines.

The concessions include a decision to do away with the requirement of a physical board meeting to pass certain resolutions such as approval of mergers or restructuring and the permission to hold AGMs and EGMs via video conference or other audio-visual means (OAVM).

Earlier this month, the ministry permitted firms to hold AGMs via VC or OAVM till December 31, 2021, subject to existing timelines.

GreenMin Against 2-Year Waiver for Coal-fired Plants

Sarita C Singh & Urmi Goswami

New Delhi: The environment ministry is not in favour of a blanket two-year extension to coal-fired power plants. The power ministry has in a blanket two-year extension. That will not happen. However, delays due to the disruptions arising from the Covid-19 pandemic and the push for domestic manufacturing must be accounted for. He said the ministry is working out a graded extension to thermal power plants that takes into account factors such as pollution levels in the area where the plant is located, and the process of the plant - that is, whether it is a supercritical or ordered the pollution technology. On the basis of information the period of extension will be decided.
