

Microsoft Posts \$20.5 B in Profits

SAN FRANCISCO Microsoft on Tuesday reported quarterly earnings that blew past market expectations, fuelled by demand for cloud computing and Windows-powered machines. Profit stood at \$20.5 billion in the September quarter on revenue that climbed to \$45.3 billion in a 22% rise from the same quarter last year. AFP

Democrats Unveil Billionaires' Tax Proposal

Proposal to fund social and climate programmes by tapping billionaires' unrealised gains

Washington: Pushing past skeptics, Senate Democrats on Wednesday unveiled a new billionaires' tax proposal, an entirely new entry in the tax code designed to help pay for President Joe Biden's sweeping domestic policy package and edge his party closer to an overall agreement. The proposed tax would hit the gains of those with more than \$1 billion in assets or incomes of more than \$100 million a year; and it could begin to shore up the big social services and climate change plan Biden is racing to finish before departing this week for global summits. The new billionaires' proposal, coupled with a new 15% corporate minimum tax, would provide alternative revenue sources that Biden needs to win over one key Democrat, Sen. Kyrsten Sinema of Arizona, who had rejected the party's earlier idea of reversing the Trump-era tax breaks on corporations and the

 earlier idea of reversing the Trump-era tax breaks on corporations and the

wealthy to raise revenue Biden met late Tuesday evening with Sinema and another Democratic holdout, Sen. Joe Manchin of West Virginia, at the White House. "No senator wants to stand up and say, 'Gee, I think it's just fine for billionaires to pay little or no taxes for years on end,'" said Democratic Sen. Ron Wyden of Oregon. AP

US Bans China Telecom over National Security Concerns

Washington: The United States on Tuesday banned China Telecom from operating in the country citing "significant" national security concerns, further straining already tense relations between the superpowers. The move marks the latest salvo in a long-running standoff that has pitted the world's biggest two economies against each other over a range of issues including Taiwan, Hong Kong, human rights, trade and technology. It also comes as US President Joe Biden presses ahead with a hardline policy against Beijing broadly in line with that of his predecessor Donald Trump, whose bombastic approach sent tensions soaring.
